

Terms of Sale Agreement

Puppies are shown and sold by appointment only. All interested parties must submit a purchase application prior to coming. No business will be transacted without submitting an application or having an appointment.

Puppies are kept and cared for here until they are considered ready by me. This is typically 10 to 12 weeks of age. Puppies NEVER leave before I feel they are completely, 100% ready to go to a new home. Transitioning to a new home is stressful for a pup, so its important that each pup goes when he/she is ready, not before on an arbitrary date. This is not a debatable or negotiable topic.

All of my puppies are sold as pets and are available to loving, permanent homes. It is understood that sometimes things happen that cannot be avoided. Should you find yourself unable to keep your puppy/dog and do not have someone that can responsibly care for the dog please contact me. One of my puppies is always welcomed back here. A returned dog/puppy for any reason other than those covered in the health warranty is not eligible for a refund.

Because puppies are sold as pets, registration papers are not provided. If you are looking for a pup for breeding purposes, please contact me. Breeding puppies are sold at different prices and with different criteria.

Payments accepted are cash, United States postal money orders or debit/credit card. All card transactions are processed via square.com and incur a 3% service charge.

Deposits are non-refundable for any buyer caused incident or situation. Deposits are only refundable if the pup cannot be provided by any cause of Providence Puppies.

Shipping is not available at this time.

A 50% non-refundable deposit is required to hold a puppy until it is ready to leave. All puppies are considered available until a deposit is received. Please be aware that simply inquiring about a puppy and saying you are very interested does not give you a claim to that pup.

Above all, I want to do my best to ensure that my puppies go to good homes, where they are cared for properly. It is my concern that my puppies do not end up in situations where they are in jeopardy of neglect or abuse.

I reserve the right to refuse sale to anyone without cause or reason.
